

Youth Home Plans Put Back in Hands Of Juvenile Heads

Selection of a site for the proposed new county juvenile home was back exactly where it started two years ago.

After approximately 24 months of fumbling the matter from one department to the other, a pot-pourri of ideas of 35 county officials and committeemen Tuesday led the problem back to the County Probation Committee, where it started soon after administration of the juvenile home came under jurisdiction of the social welfare division of the health department.

The matter was referred unofficially to the probation committee, which is to confer with Planning Advisor Ronald Campbell and the County Planning Commission. From there the matter is to go to Juvenile Court Judge A. R. Cotton and finally to the board of supervisors.

Public revelation that the placing of juveniles in the county jail annex and smaller youngsters in Community Hospital is illegal was made at the meeting by Asst. Dist. Atty. Daniel E. Sullivan. It has been the practice to place juveniles considered too large for the juvenile home in the jail annex, and babies and small youngsters in Community Hospital.

Sullivan also cited from the welfare institutions code that ultimate approval of a site for a juvenile home is up to the judge of the juvenile court (Judge Cotton). Purchase of land is the responsibility of the supervisors, but they must

Police Officers Crash Victims

Two Peninsula police officers were victims of two automobile accidents in as many days, the California State Highway Patrol reported today.

Special Dep. John Ward Lemon, 43, of Menlo Park, surveyed a damaged patrol car Tuesday after his automobile collided with one driven by Joseph Reich, 40, of 278 South First St., San Jose, on the Bayshore Hwy. at 8:20 p.m.

Patrol officers who investigated the accident declared Lemon was turning on the highway at the Santa Clara County line when his car was hit from the rear by Reich.

Lemon resides at 883 Middle Ave., Menlo Park.

Monday at 11:55 p.m., Millbrae Police Chief W. H. Stelter was in his parked car on El Camino Real when it was struck by an automobile driven by Leon Edward Witkowski, 34, of 262 Herman St., San Francisco, highway patrolmen said.

Witkowski, who gave his occupation as a teamster, was taken to the county jail and booked on a drunken driving charge.

claiming they had delayed approval of his recommendation.

Supervisor Henry W. Edmonds declared Tuesday that the matter was on the agenda only once before Peterson made his statement.

Supervisor Edmonds strongly objected to the Spring and Willow St. site, citing several disadvantages, including the belief it was not worth the \$2500 an acre at which it had been appraised for juvenile home purposes. He said it might be worth \$2000 an acre for industrial purposes, but not for a juvenile home.

Edmonds also declared that during heavy rains the site is under water.

A verbal clash then ensued between Peterson and Edmonds, with Peterson declaring: "Here we have been fooling around and haven't found a site yet. Why haven't you done something about it before?"

Edmond countered with the statement that he was not a supervisor when the matter first was taken up and declared, "The county executive should have known in the first place it had to go before the planning commission."

Peterson exclaimed he had nothing to do with the planning commission, but that he worked through the board of supervisors.

E. H. Cosgriff, chairman of the probation committee, said the committee is of the opinion that the Spring and Willow St. site is more suitable than the present site.

Supervisor Thomas L. Hickey said the portion of the Spring and Willow Sts. site that is in the county (two-thirds is inside Redwood City) is in an industrial zone and stated: "I don't think the juvenile home should be surrounded by industries."

Campbell made the suggestion that if a new site for the home is selected that instead of selling the lower Broadway site it be retained for expansion of county offices. A portion of the block is now being used by the agricultural department and the engineer's department.

Supervisor Edmonds said he favored a site near the relief home, but Judge Cotton said the relief home is too far away from other offices.

"I think the (probation) offices should be near other offices in the county," Judge Cotton said.

Judge Cotton said the up-to-date system is to place children in foster homes. He said the more delinquent juveniles could be sent to various institutions throughout the state.

Supervisor Alvin S. Hatch raised the question that in view of the fact children are kept in the juvenile home here only a few days is it necessary to have a large home.

Ray N. Studt, field representative, division of delinquency prevention, State Youth Authority, replied that a farm or wide acreage is not needed, but advised that space not be clamped down. He declared youngsters get a definite reaction in the few days they are in a home, and they should not be "penned in."

C. A. Buck, chairman of the planning commission, advised: "Don't hold back on the money."

When it was suggested that the matter be referred to the planning commission, Peterson declared "the whole thing looks to me like buck passing. You're just killing time."

"I think the county executive is very unjust in his criticism," Supervisor Hickey declared, stating that action could not be taken until after the budget is passed Sept. 1.

Schools Hold 7th War Loan Slogan Quiz

Competition to select a slogan for the Seventh War Loan Drive which begins in Redwood City on May 14 is underway in Redwood City and Woodside schools where elimination contests are being conducted. Chairman Fred Walker of the special events committee declared today.

With children of elementary, parochial schools and Sequoia High School participating, the contest is limited to slogans of five words or less.

First prize is a \$25 war bond, second prize is \$10 in war stamps, third is \$7.50 in war stamps, and fourth, \$5 in war stamps. The prizes were donated by the Commuters Club, Exchange Club, Kiwanis Club and Lions Club.

Winning slogan in the contest, which ends May 30, will be used throughout the campaign and will be featured on street banners to be erected in the city, Walker said.

Judges will be J. Elmer Morrish, James P. Hagan, Carl Ward, and J. H. (Jake) Buhler.

At the Woodside School, Ann Lucien is supervising the contest, while Principal Homer Spellenberg is in charge of an elimination contest at the John Gill School.

Ralph Case of McKinley School and Earl Whitaker of Lincoln School are encouraging their students to enter the competition, Walker declared.

Ben Leese of Central, Max Thornton of Garfield and Milan Tackitt of Washington Grammar Schools are supervising contests at their respective schools, he added.

At Mt. Carmel School, Sister Superior Marie Joseph has urged the students to submit slogans in the contest, Walker stated.

L. A. Sanderson of Sequoia High School has been named by Superintendent A. C. Argo to process the elimination contest.

One student will be chosen from the high school entries, and one each from Mt. Carmel School and Woodside School, Walker explained. The six elementary schools, under the direction of Supt. Andrew Spinas, will conduct their own eliminations and select one student to represent their group, he concluded.

Prayer of Peace

ST. FRANCIS OF ASSISI • 1182-1226

LORD, make me an instrument of Thy peace.
Where there is hatred, let me sow love.
Where there is injury, pardon.
Where there is doubt, faith.
Where there is despair, hope.
Where there is darkness, light.
Where there is sadness, joy.

O DIVINE MASTER, grant that I may not so much seek
To be consoled, as to console;
To be understood, as to understand;
To be loved, as to love;
For it is in giving, that we receive.
It is in pardoning that we are pardoned.
It is in dying, that we are born to eternal life.

Pair Jailed Here On Check Charge

Wanted on charges of passing counterfeit checks at a Redwood City tavern, William H. Pelham, 41, and Eleanor M. Henke, 29, both of San Jose, were in the custody of Redwood City police Tuesday following their arrest in Santa Clara County, Sunday.

Justin Larriocou, tavern owner, signed the complaint for their arrests, police said.

Police allege that Pelham and Henke each passed two worthless checks, totaling \$217.30, here on Mar. 13, 14, and 15, and that warrants for their arrests were issued on Apr. 18.

The pair, police said, formerly operated a restaurant in Los Altos. They gave their address as the Vendome Hotel in San Jose.

Pelham, according to police, also faces a similar check charge in Santa Clara County.

Tanforan Sailor Jailed On Car Theft Charge

One-Third Quota Collected In Clothing Salvage Here

Only one-third of Redwood City's quota of garments for the United Nations Clothing Drive has been collected, Chmn. Francis Britschgi announced today in urging that residents speed their donations to the nearest school, fire station, church or to the local post office.

Mayor W. W. Hilton also issued a plea to all Redwood City block matrons asking them to assist in stepping up contributions.

"Our quota is 85,000 pounds. With only another week to go, the drive is seriously lagging. We believe there must be many wearable garments that are still hanging in closets and will no longer be used by their owners," Hilton said.

John Gill School has collected 700 pounds of clothing, it was reported. Two PTA members, Mrs. Oscar E. Hardin and Mrs. Charles Ghelmetti, were responsible for sorting the garments.

Tuesday the Lincoln PTA and representatives of Redwood City merchants packed and baled the garments that are brought into the central station. Sorting was begun Sunday when Mrs. Madeline Wallace, Margaret Locatelli, Mrs. Mrs. Catherine Milleti and Mrs. Dolly Jamieson of the Native Daughters with Philip Bozzo, George Solari, Russell Cummings, A. Sahberg of the Native Sons aided the committee.

Monday the American Legion Post committee consisting of Fred Gatchel, James Whitehead, Ray Cereghino, Harry Day, M. W. Berry, Vernon Roberts, Clarence Underwood, William Galloway and Auxiliary members Mrs. Margaret Blakely, Mrs. Ellen Ott and Mrs. Florence Donnelly continued the sorting.

S. F. Golf Club Asks Refund of \$95,000

San Francisco Golf Club, Ltd., today asked Superior Court here to issue an order for payment of \$95,000 balance due on 4½ acres of land at Junipero Serra and Alemany Blvd., at the San Mateo-San Francisco County line.

The suit alleges that the firm entered into a contract whereby Samuel H. Levin agreed to buy a tract of land for \$100,000, for which \$5,000 has been paid. The firm executed a grant deed on Apr. 23. Levin failed to accept the deed or pay the \$95,000 balance, the suit alleges.

J-M Smokestack By Jim Asbestos

Another Think Coming

"Sure, Johns-Manville is a good company. They make good roofing. I'd like to work there in peacetime. But right now I want to make something to help the war."

Did I set him right about J-M not making things to help the war!

"Brother, pretty nearly everything that J-M makes these days is for war. If you work at J-M, you're practically slapping Japs."

Then I told him how army jeeps and bulldozers and trucks and weasels, the world over, use J-M brake linings and clutch facings.

And I told him about the J-M products used in engine rooms of our aircraft carriers, and other ships, with their boilers, steam and hot-water pipes insulated with J-M materials, and with steam and oil lines kept tight with J-M gaskets. I told him about other J-M products on practically every U. S. ship that sails.

I'd Say It's War Work

I told him about J-M asbestos ebonny in the electrical instrument panels of ships—

on the captain's bridge, in engine rooms, signal towers and gun stations.

I told him about the carloads of packings, pipe coverings, etc., that we ship to other war plants to help them operate.

I told him about the dozens of things we make that go into airplanes—packings, gaskets, insulations, etc.

I could keep on telling him all night, but he gave up—and he took a job at J-M today.

Peterson Terms Job Increase Plan As 'Unnecessary'

Although County Executive Frederick Peterson Tuesday recommended to the San Mateo County Board of Supervisors that the proposed new county positions for 1945-46 be called down from 36 to 20, he received an immediate setback when the supervisors vetoed the recommendation that the requested position of supervisor of elections and registration, which Peterson termed unnecessary, be turned down.

Peterson made his recommendations to the supervisors after conferring with department heads and gave as the reason for most of the recommended eliminations that the jobs were unnecessary. The preliminary salary budget for the next fiscal year shows a net increase of \$151,665.53 over the current fiscal year.

The supervisors, who met with department heads Tuesday on the salary budget, upheld the request of County Clerk William A. Augustus that the position of supervisor of elections and registration be set up, agreeing with Augustus that it was a reasonable request and expressed themselves that the job should be established.

Augustus explained there was no one in the office other than himself who was familiar with the routine and legal requirements of handling elections and declared the county is getting too large for one man to handle in addition to his other duties. Failure to establish the position would be false economy, Augustus declared.

Peterson said that in his opinion the position was unnecessary, stating there are three regular employees in the elections and registration division. He declared Augustus has the privilege of selecting one of the three to fill the requested position.

Starting salary for the position will be \$200 a month plus war bonus. Augustus had requested a starting salary of \$250 a month plus war bonus. The \$200 starting salary was proposed by the County Civil Service Commission.

The supervisors originally had approved establishment of the position in February. Other requested positions which Peterson termed unnecessary were crew foreman, department of agriculture; surgical nurse at Community Hospital; typist clerk at Community Hospital; sanitary inspector, sanitation division; stenographer clerk, health division; typist clerk, social service; telephone operator and information clerk, Community Hospital; youth counselor for the juvenile home, and chief of communicable diseases, health division.

Requested positions which department heads themselves withdrew were secretary, controller, and senior typist clerk, purchasing agent.

Community Hospital asked for four practical nurses, but Peterson recommended only two. Two practical nurses had been asked for with the notation, "No funds requested." Peterson contended that if no funds were necessary, this item should not be included in the salary budget.

Peterson recommended that only two of three requested stenographer clerks in the social service division be added. He stated a medical social worker requested by the medical welfare division was not necessary at the present time.

Installation of officers for the Corp. James Lindsay Wilson Post 2310, Veterans of Foreign Wars, and the Ladies' Auxiliary will be held Saturday night at the Redwood City Veterans Building. The ceremonies will begin at 8 o'clock.

Packed House Sees Chamber Spring Show

More than 250 persons Monday attended the Gala Spring Festival Dinner presented by the Merchants' Section of the Redwood City Chamber of Commerce, which was featured by a fashion show and introductions of chamber officials.

During the dinner, Frank Caldwell, manager of the Retail Creditors' Assn. in San Francisco, spoke briefly on the part retail merchants have in their communities.

"Retail merchants have the chance to make or mar their city," he said, pointing out that dressing up of store fronts was an important part in maintaining the neat appearance of the city.

Chamber President Teddy Lauman was master of ceremonies for the evening, introducing Louis Lundborg, manager of the San Francisco chamber, and Mrs. Lundborg; Norman Corlett, president of the Burlingame chamber; John Mack, president-elect of the Redwood City Junior Chamber of Commerce; Charles Combs, chairman of the merchants' section, and E. W. (Ned) Butler, Redwood City chamber manager. H. C. Mitchell, past chamber director was also introduced.

Conner Tells Airport Plan

Harvey Conner, Redwood City contractor who has completed a sub-contract on the vast inland airport, declared in an address to the Exchange Club here Tuesday night that San Mateo County is allowing a major airport development to slip from its grasp.

Berkeley, he charged, is organizing a \$25,000,000 airport project to be erected in the bay. He estimated that an airport of the same specifications could be erected between Redwood City and Belmont with 100 million cubic yards less fill.

The Berkeley project, to be known as the Golden Gate International Airport, is to be sponsored by an inter-city committee composed of representatives from Contra Costa and Alameda Counties. The U. S. Senate Commerce Committee has approved a resolution authorizing a survey of the proposed airport. It would be located 10,000 feet north and an equal distance west of the old Berkeley pier, Conner said.

"Much of that area is deep water," Conner declared. "If we were awake to the possibilities of the situation, we might bring such a development to this county."

Conner is a member of Builders of the West, Inc., organized by Associated Contractors to plan post-war development projects.

Dibble Hospital Annexation By Menlo Park Recommended

Congressman Jack Anderson in two letters read to the Menlo Park City Council Tuesday reported on steps being taken by him to relieve the acute housing shortage and the proposed plan to annex the Dibble Hospital area by the City of Menlo Park.

Congressman Anderson said he was preparing a bill for introduction in the House of Representatives to the annexation of Dibble Hospital by the city. He commented, "Although I am not too optimistic about the attitude of the War Department in this regard, due to the adverse report which the council received through the office of Col. T. W. E. Christmas, I shall do everything to bring about the desired results."

A letter of resignation was received from Augustus Locke, chairman of the Menlo Park Planning Commission. Locke said, "Personal matters prevent me within the foreseeable future from engaging in city affairs. I therefore resign from the planning commission."

DePatta Named In OPA Charge

The District Office of Price Administration Monday brought damage action against Frank A. DePatta of 1708 Broadway, Redwood City, charging him with violation of rent ceilings.

In a suit filed in the Third Township court, the OPA charges the Redwood City man with overcharges of \$22.50 during a three month period, and asks for three times the amount of the alleged overcharges.

The complaint, signed by C. Newell who resides at 719 Stambaugh St., states DePatta asked \$35.00 monthly rent when legal rent is \$27.50.

It specifically asks for \$67.50 from the defendant.

S.F. Sale Proposal Has No Affect Here

County Assessor Martin J. Flynn Tuesday said a move by the San Francisco Board of Supervisors to sell between \$10,000,000 and \$20,000,000 of unneeded municipally-owned property in San Francisco, San Mateo, Alameda and Santa Clara Counties to help finance the city's postwar public works program would have no effect on San Mateo County's tax roll.

Flynn said San Francisco has no excess property here. The proposal would not affect the San Francisco holdings at Spring Valley Lakes, as 99 per cent of it is watershed, nor would it affect Mills Field.

The San Francisco supervisors Tuesday said the water department alone pays \$240,000 a year in taxes in San Mateo, Alameda and Santa Clara Counties.

Two R.C. Accidents Do Little Damage

No injuries were reported in two accidents investigated by Redwood City police Tuesday afternoon.

At 5:29 p.m. Tuesday, a truck driven by Peter Garino, 58, of 1377 Oxford St., Redwood City, collided with an automobile driven by Robert W. Hunt, 27, of Klamath Falls, Ore., at Bayshore Hwy. and Chestnut St., police said.

The truck was attempting a left turn onto Chestnut St. when the accident occurred, records showed. Redwood City firemen were called to stand by at the scene when gasoline on the highway constituted a fire threat.

Earlier in the afternoon, at 2:35 p.m., Mrs. R. A. Kennedy, 65, of 2647 Oak Knoll Dr., Redwood City, told police she lost control of her automobile as she turned from Clinton St. onto Jefferson Ave., and ran over the sidewalk at 1409 Jefferson Ave. Her car damaged a tree and fence, police said.

Belmont Citizens To Delay Action On Racial Problem

On the eve of the San Francisco conference aimed at promoting unity among peoples, San Mateo County is experiencing racial discrimination trouble.

A group of 75 Belmont citizens, meeting at the town's community hall, in an apparent effort to avoid an embarrassing

situation during the San Francisco conference, Monday voted to ask the Belmont Civic Improvement Assn., now forming to postpone discussion of the whole race issue until the conclusion of the conference.

The group Monday also voted to recommend to the civic improvement body that it set up, with the advice of the Belmont Planning Commission, a master plan for zoning the residential areas of the city on economic lines and not on lines of race.

The usual quiet of Belmont was disrupted Apr. 17 when 150 Belmont citizens gathered for formation of the improvement as-

Arctic Fantasy Opens Tonight

Comedy and fantasy have been blended together with scintillating costumes and brilliant lighting effects to make "Arctic Fantasy of 1945" one of the greatest ice revues ever to be staged. The show, which comes to San Jose's Ice Bowl for three performances beginning tonight has a cast of 70 skaters, among them the top ranking names in the entire country as well as 12-piece orchestra who were especially selected to handle the musical score of this colorful spectacle.

In producing "Arctic Fantasy," the director miraculously transports the entire cast and audience to the far away Arctic regions where all thoughts of worldly troubles and disorders are banished from the mind for the entire two and a half hours that it takes to stage the production.

With internationally famous Betty Atkinson, Murray Galbraith, Charles Hain, Dorothy Goos, Irene Dare, Phyllis Ann Thompson and a host of others, audiences are due for a treat that cannot be surpassed by any troupe in the country.

The fact that the Ice Bowl has a 35 per cent larger skating surface than the average rink will give the big time stars a chance to outdo themselves.

Tickets for all performances are on sale at Sherman Clay & Co. in San Jose and the Peninsula Box Office in Palo Alto or may be ordered by mail from the San Jose Ice Bowl, 1805 Alum Rock Ave., San Jose. The Sunday performance is in the afternoon only, while shows on Friday and Saturday will be in the evenings.

Two Cyclists Hurt In County Crashes

Although San Mateo County was free from serious automobile accidents over the summer-like weekend, two cyclists were seriously injured on the county's highways Sunday.

Beatrice Hess, 23, 15 Barriohet Ave., San Mateo, a secretary for the navy, suffered a possible skull fracture when she fell over the handle bars of the bicycle she was riding south on Skyline Blvd. half a mile south of Crystal Springs Rd. at 3:30 p.m. Sunday. She was knocked unconscious. She is being treated at Mills Memorial Hospital.

Miss Lillian Smith, 19, of Hayward, suffered multiple contusions and possible fracture of the pelvis and leg when the motorcycle she was riding collided with a motorcycle operated by Robert Hannager, 22, merchant marine. Operator of the motorcycle on which Miss Smith was riding was Everett R. Wilson, 24, of Hayward. The accident occurred Sunday afternoon at 4:55 o'clock on Skyline Blvd. east of the Half Moon Bay Rd. Miss Smith was treated at Mills Memorial Hospital.

Two persons suffered minor injuries Saturday at 11 p.m. when two cars collided on Bayshore Hwy. north of Visitation Ave., Brisbane. They were Herbert G. Beck, 29, Hayward, and Campbell Hobson, 38, of Richmond. Hobson was riding in a car driven by Ruth E. Hobson, 38, of Richmond.

Both Stevens and Spangler congratulated Scoutmaster Kurt Wenzel and members of the troop on another year of successful operation. The charter program was followed by a tenderfoot investiture.

The U. S. Department of Agriculture predicts that about \$5,500,000 will be spent in 1944 in adding Vitamin A concentrate to poultry and livestock feed.

sociation and found the first order of business to be concerned with deed restrictions excluding Japanese and Negroes from living in Belmont.

No action on the matter was taken at the Apr. 17 meeting. Next meeting of the proposed improvement association is set for May 1.

Monday's meeting was called by the Rev. Noble L. Owings, vicar of the Church of the Good Shepherd in Belmont, who presided as chairman. James H. Hammond acted as secretary.

Rev. Mr. Owings, as chairman, was authorized to appoint a liaison committee to make the purpose and decisions of the meeting clear to those who are forming the civic improvement association. Rev. Mr. Owings said those who attended last night's meeting will become members of the proposed improvement association, declaring there will not be two city groups.

"The main purpose is civic unity," he stated. The motion that a master plan for zoning the residential areas of the city on economic lines instead of lines of race was made by Mrs. David Sears and seconded by George C. Urian. Motion that the discussion be postponed until the conclusion of the San Francisco conference was made by Mrs. Joseph Murphy and seconded by Mrs. Robert Tuck.

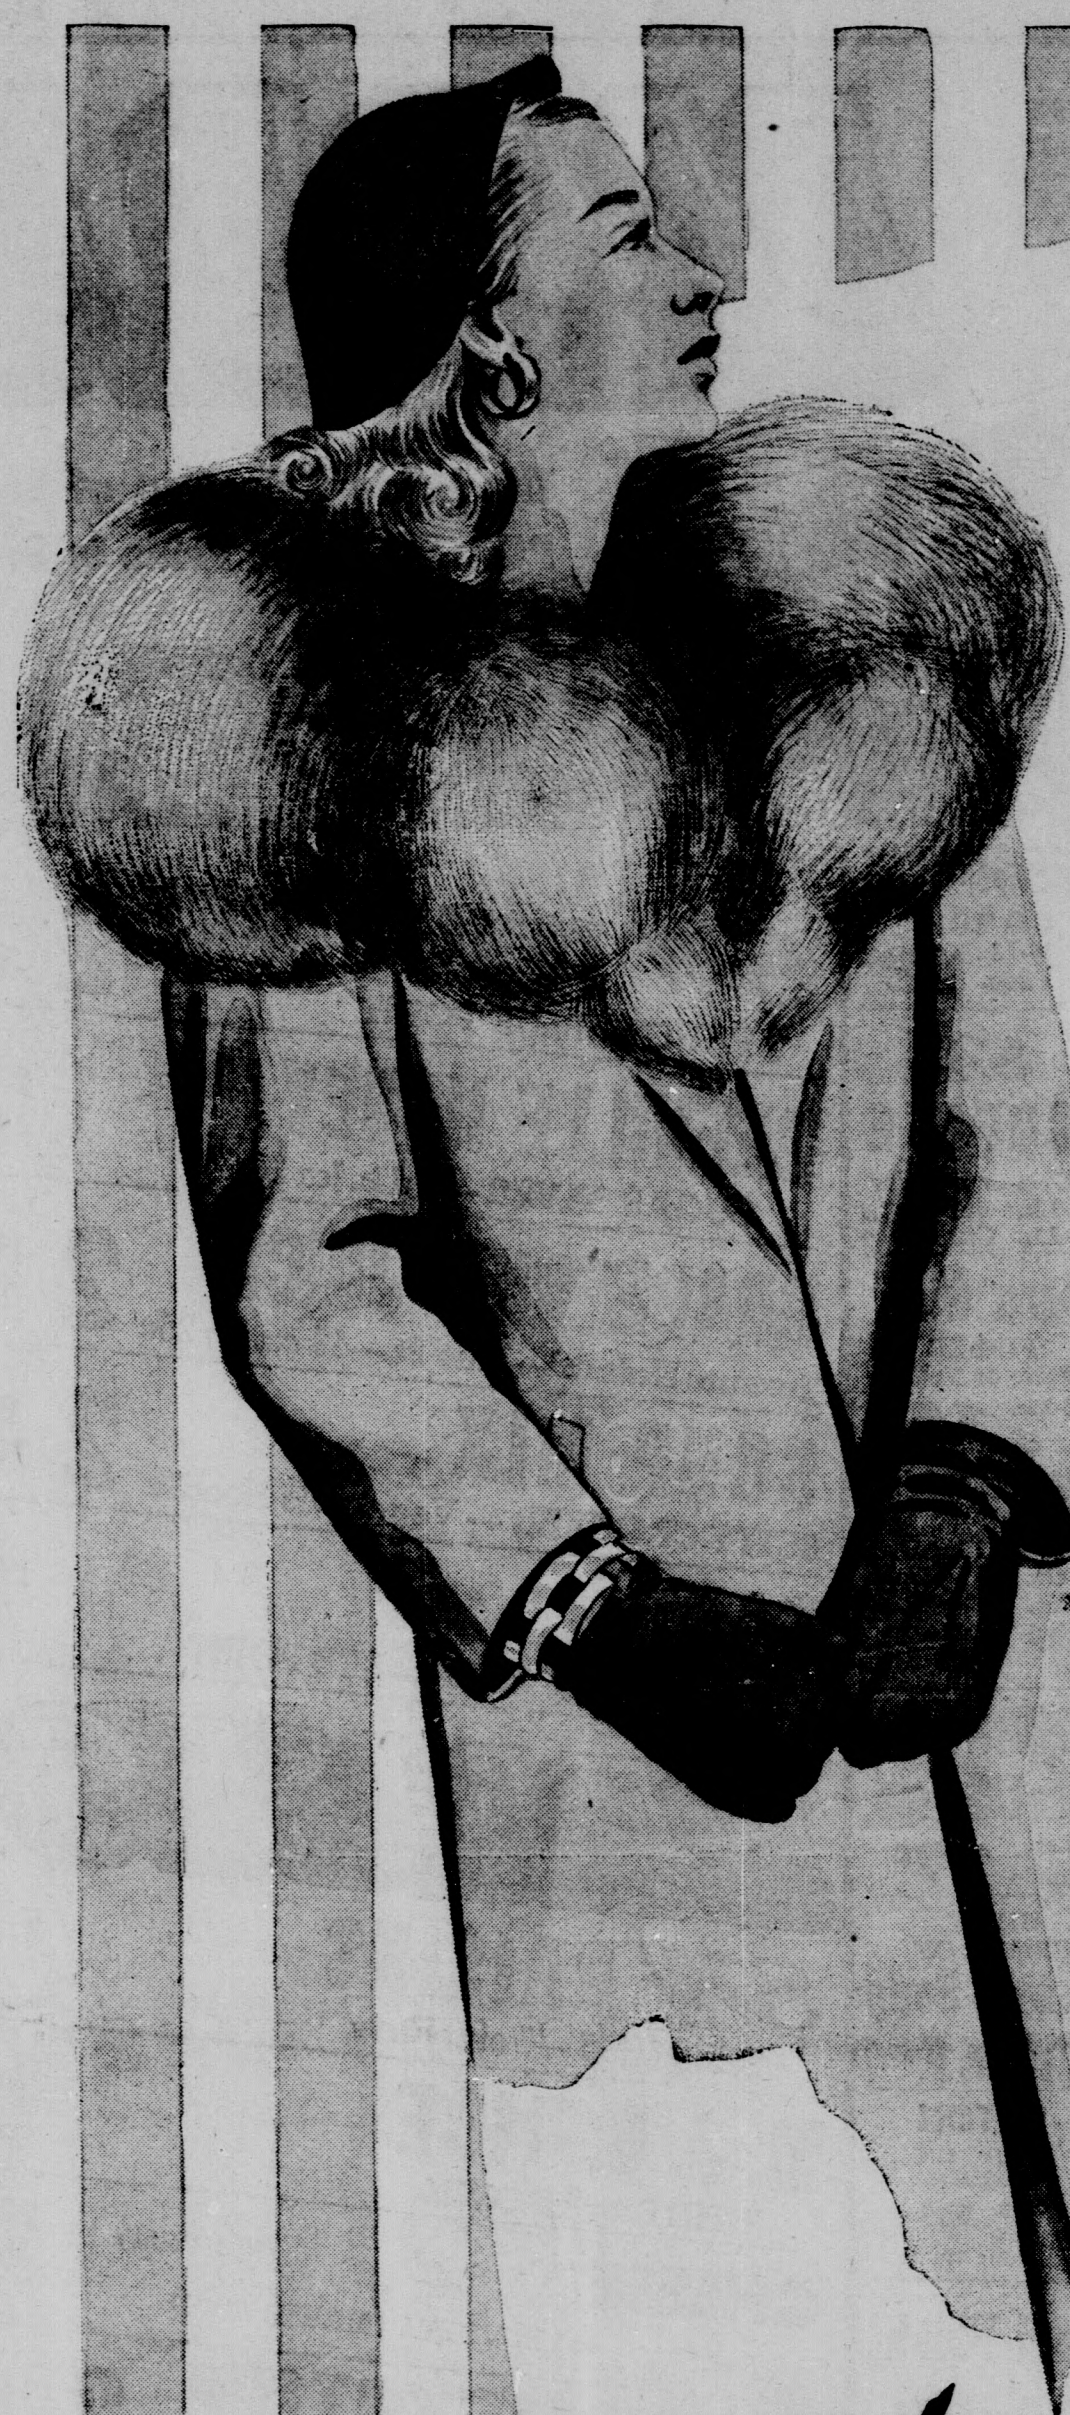

Meanwhile in San Francisco Dr. Margaret Chung, prominent Chinese colony member, said land deed discriminatory clauses had prevented her from obtaining an Emerald Lake residence. Dr. Chung, besides her medical practice, for many years has maintained a home for more than 600 old-time aviation experts. Many of them call on her whenever they reach San Francisco from the war zones.

The Chinese assistant consul in San Francisco said his office was aware of the racial discriminatory clauses and that they did cause suffering to Chinese in the United States. Pointing out that they cannot be renewed once they lapse, he claimed such clauses exist only in California.

Boy Scout Troop 149 Receives 1945 Charter

Troop 149, Boy Scouts of America, received its 1945 charter Tuesday at its second annual charter night program at the First Methodist Church. The charter was presented by William P. Stevens of Redwood City, district commissioner representing the county scout council, to Ray Spangler, president of the Redwood City Exchange Club, sponsors of Troop 149.

Both Stevens and Spangler congratulated Scoutmaster Kurt Wenzel and members of the troop on another year of successful operation. The charter program was followed by a tenderfoot investiture.
